MAC & CHEESE BURGER

Serves **xxx**

600g steak mince 12% fat
300ml Knorr Cheese Sauce
200g cooked Knorr Macaroni
100g grated mature cheddar (optional)
1 beaten egg (with 100ml water)
Plain flour
Breadcrumbs
4 brioche burger buns toasted
4 tbspn Hellmann's Tomato Ketchup
4 Burger Cheese
8 tbspn Hellmann's Real Mayonnaise

Burgers

1. Put the mince in a bowl. Mix everything else in with your hands and divide into 4 equal portions.
2. Flatten each portion into a very thin patty. They'll shrink a bit in the pan so make them wider than the bun by 1cm at least and rest in the fridge while you prepare the macaroni cheese.
3. Mix the pasta and sauce (and additional cheese) together. Divide into 4 150g balls and breadcrumb them by first rolling in flour, then beaten egg and finally breadcrumbs.
4. Press the macaroni cheese balls down to a flattened shape the same circumference of the burger bun, then deep fry until golden at 175°C for 4-5mins. Top each macaroni cheese patty with cheese and melt under the grill or bake in the oven until melted.
5. Heat a non-stick frying pan on a high heat. Fry the patties for 2-3 minutes each side and keep pressing down as you cook to get crispy edges. You won't be able to get all 4 in one pan, so as you finish, transfer them to a baking tray and keep warm while you prepare the buns.

To Serve

6. Divide the mayonnaise between the burger bun bottoms and top with a macaroni cheeseburger. Place the beef burger on top, then add the tomato sauce. Add the bun tops and skewer each to hold it together before serving with fries.
